This information pack has been written to provide all new members with an introduction to the club and how it operates.

### A Brief History

The club was founded in the mid-1960s by Gerald Williams, a croquet enthusiast and member of the Croquet Association, in the grounds of his mansion at Shernfold Park, Frant and we continued there, despite his having sold the property until the hurricane of 1987 and further storms in 1989 damaged the lawns beyond the ability of the club, with only 30 members, to afford to repair.

Tunbridge Wells Borough Council then offered us a corner of grass on the Hawkenbury Recreation Ground with shared facilities. However, the quality of the lawns were very poor and we struggled to survive.

In 1994 we took over some under-used tennis courts on our current site, taking over responsibility for maintaining the lawns and also building our own club house (a gift from one of our members Hazel Moss-Davis).

With the growth in membership to more than 40 we decided in 2005 that the lawns are so poor that they need to be replaced with laser-levelled ones and raise £40,000 towards their replacement, together with an irrigation system and an Equipment Store. Of this £14,000 came from members and the rest from the Lottery (Awards for All), Tunbridge Wells Borough Council, Kent County Council, Gatwick Airport Trust, the South East Croquet Association and the Croquet Association.

By 2007 the membership was up to 60, our playing strength is improving and now we're getting good publicity for our annual Corporate Challenge for novices (last year with 20 teams), we've hosted our first Croquet Association event, have many corporate events and also regular visits from other groups enjoying our facilities.

## Members

We have about 60 members and an electronic copy of the membership list with their phone numbers/email addresses is available from the Membership Secretary. To help you know who other members are we've put pictures of many on the Notice Board on the far left, together with a membership list. If your picture isn't there just send an electronic one to Jon Diamond (webmaster) or get him to take one of you when there's a camera around the club.

## Club Facilities

We have three lawns at the top of Calverley Grounds in the centre of Tunbridge Wells. Access to the Park can be from Crescent Road via the arch opposite the multi-storey car park, from Mount Pleasant via the entrance opposite the Station or from Grove Hill Road via either Mountfield Road or Mountfield Gardens.

We have a Clubhouse with changing rooms and kitchen facilities, for limited refreshments. More extensive teas, lunches etc. can be found within Calverley Grounds at the Cafe (2 minutes walk downhill) or in the main shopping areas of Tunbridge Wells itself (5-6 minutes walk to either the far side of the car park in Crescent Road or Mount Pleasant past the Cafe in the park). Some players leave items of clothing here during the season, but please leave the Club House clean and tidy.

We have a First Aid kit to help with small accidents. Included in it is a Pay as You Go mobile phone for use in emergencies. It will almost certainly need to be plugged in to charge it, so that you can use it. Its number is 07976 840446. All costs will be picked up by the club, so if you use it for anything else please leave an appropriate donation in the Tea/Coffee money jar.

*In Winter if you want to use the facilities:* the system is drained down with the water turned off off to ensure we don't get burst pipes. Turn off the kitchen tap and turn on the left stopcock in the Mens' Toilet. When you leave turn off the stopcock and turn on the kitchen tap. Ladies: please do not use the Ladies Toilet – use the Mens, as the Ladies is disconnected even when the stopcock is turned on.

## Parking

Difficult! The two multi-story car parks (on Crescent Road and opposite the Station) are costly (now even on Sundays 10am-4pm) at £1 per hour or £5.50 for the day and only free during the evenings from 6pm. There is some on-street parking with a 1 hour time limit in the Grove Hill Road area and also some areas that are free from 5pm onwards. You can still park on the streets on Sundays on single yellow lines or in parking bays (residents or otherwise) free of charge, but not on double yellow lines. Otherwise it's either a bit of a walk or having to pay for it.

Our website has full details about parking charges and where you're likely to find free parking.

## Playing Times and Access

We're open dawn to dusk, 7 days a week! However the lawns are not playable when very wet or in frosty conditions. The season runs from early April to mid October. We try to have at least one lawn available throughout most of the winter. It all depends on the weather and the schedule of maintenance work. Please always check the notice boards before you play.

You will need a key to access the Club lawns and the Clubhouse. There's a separate key for the old Bowls Club Pavilion. These are available to all Club Members from the Club Membership Secretary for a returnable deposit of £5 each. The keys remain the property of the Club.

Sometimes our lawns are booked for tournaments or other kinds of events and there may be limited, or exceptionally, no lawns available for play.

If you wish to book a lawn, e.g. because you're arranging an internal competition match, please do so in the Diary in the Club House. You should also check the Diary of events on the wall first or the website, if you're not in the Club House, to ensure that we don't have an scheduled event or other booking that might conflict.

Please write in whether the game is Association or Golf, as we don't allow Association and Golf games to double-bank with each other. For the avoidance of doubt if you don't write it in then Association will be assumed

Our Groundsman, Ray Kemp, is in charge of all maintenance activities on the lawns. If he asks you stop play or there's a notice about restrictions on lawn usage please comply – this is in your best interests in the long term. If the grass is being mown please help if you're asked to move to another lawn, so that the person mowing the lawns can mow the lawn you're currently using.

## Equipment

The Club provides all hoops, pegs, and balls as well as a selection of mallets. All equipment for the 3 main lawns is held in the Equipment Store beside the Clubhouse, the key for which is in the main Clubhouse itself on the Bookshelf. Please return it there when you lock up. The only essential item of equipment you need are flat-soled shoes.

In general, except for tournaments and matches, we only put out hoops and not the corner pegs or flags. The trolleys and hoops are identical for all the main lawns (despite what it says on one of the trolleys). When inserting a hoop you may need to use a hoop mallet, which has a rubber end, on the top to make it firm – bang this alternately on each side, not on the centre of the top of the hoop. The hoop carets do not need to be level with the ground, just that a ball doesn't foul them.

When removing a hoop **DO NOT WAGGLE IT** to loosen it. This will damage the hoop hole and ensure they need to be re-drilled much quicker, but more importantly may damage your back! There is a hoop lifter, with a wooden lever, in the Equipment Store and some trolleys have built in levers.

Don't forget to put back the mesh that's covering the hoop holes when you finish playing. They're there to stop foxes or birds digging up the holes. Please don't put the peg holding them down in the centre of the hoops, otherwise it will cause more rat runs. Peg it in on one side of the hoops.

If you have your own mallet and leave it in the Equipment Store then it is available for members and visitors to use. If you don't want allow this to happen please bring it with you when you play or leave it inside the Changing Rooms.

Damaging the lawns: don't! However, occasionally when you play a shot, especially a jump shot, your mallet may cut the surface of the lawn. This may be a fault, but in any event you should repair the lawn immediately. **DON'T STAMP IT DOWN AS THIS WILL LEAVE A DAMAGED SURFACE THAT WILL TAKE TIME TO REPAIR.** We have some divot repairers, price £3.50, inside the Club House. Please use one of these under a divot to drag any grass tucked underneath to repair the tear, before tamping down.

Boundary boards are kept on the paving in front of the water tanks. These are not normally used to separate lawns except during tournaments and matches, but are useful if people are hitting balls hard. Please put them back when you take in the other equipment.

## Refreshments

Tea and Coffee (and even Biscuits!) are generally available in the kitchen area at a nominal price, of course – please see the Price List and put your money in the jar in the tea cupboard.

Beer and Wine are also often available. As we have no license, it is not for sale but the Club welcomes donations from those who may wish to consume some!

Please ensure that you leave the club house in the state you would like it to be in when you arrive! So, wash and dry-up afterwards and take away the contents of the waste-bin if it's getting full. There's a fuller check-list on the wall above the sink. [We also need volunteers to keep the club house clean – there's a rota list on the wall – please volunteer for at least one week in the year.]

We do provide some catering for special events on an ad-hoc basis, especially for matches and some tournaments. If you would like to help with these please contact Kate Sander.

## Dress

The only mandatory item regards shoes – these must have flat soles. Predominantly all-white clothes are required if you're playing in inter-club matches and Open Tournaments i.e. when we entertain visitors. Some members prefer to play in whites at all times. This is encouraged as it makes the Club more “noticeable” to users of the Park.

A woven club badge and an enamel one are provided free of charge when joining the club. Additional ones of these are available at £3.50 each from the Secretary. Alternative club badges are available in plastic bags on the Notice Board, price £2 each. There are both pin tin ones or iron-on ones (for cotton clothing). If you're representing the club we'd like to wear a club badge on your clothing.

We can also supply white tops of various kinds and some miscellaneous items, including tin badges, with our club logo on. These are supplied by a third-party via an online shop accessible from our website.

## Club Sessions

On most Sunday and Wednesday afternoons (from 2pm until 6pm) the lawns are reserved for Club Play i.e. an informally organised opportunity to play and/or be coached – and/or be sociable! It has traditionally been the focus of the Club's Golf Croquet players but is also seen as an opportunity for new comers to be introduced to the more traditional game, Association Croquet, and for some competitive play.

Evening play is now being introduced, with a Golf Team League on Tuesdays. Please see the website for the current status.

## Coaching and Practising

A coaching programme is published each year both for beginners (typically during Club Afternoons) and Improvers. Monday and Tuesday evening play will generally have coaches present. See the Notice Board, the latest Newsletter and the website for more details.

We also have a stock of publications, including coaching material, on the bookshelf in the Club House. Please feel free to borrow them for a week or two, but do return them!

Practising regularly is recommended for all players. There are a few things to note:

- please always use secondary colours, as this will help even out the wear on the two sets of balls in the trolleys
- if possible use the balls not in the trolleys, to prolong the life of the trolley balls
- ***don't practise jump shots*** on the lawns as this often causes damage. There's a spare set of hoop holes near corner 4 off lawn 1
- don't practise running hoop 1 of any lawn. This is the hoop that gets the most wear.
- Don't practise on lawn 1. For some strange reason it seems to be used most...
- we have a half-ball on a spike. This is useful as a target on a spare lawn for practising roquets or hitting accurately at a distance. Just take out lots of spare balls and gradually increase the distance as your accuracy increases.

## Handicaps

We use the Croquet Association Automated Handicapping System for both Association and Golf Croquet. This involves separate (not necessarily related) handicaps and cards for the two forms of Croquet to record your games – White for Association and Green for Golf. Details on how to use these are on the front of the cards which are available in the Club House. (There's also a single sheet to help explain the Golf Handicap card.) If you don't have a handicap yet, or can't understand the instructions, please ask one of the experienced players for help and they will start you off.

The Club Handicapper reserves the right to change your handicap, despite what it says on your Handicap card! If your handicap changes please write the new one on the membership list on the Notice Board.

## Club Competitions and Tournaments

There's something for everyone! All the way from Open Tournaments for the experienced to internal Club Tournaments – both singles and doubles – to informal Club Ladders (Golf and Association). Information about our scheduled tournaments is available on the Notice Boards, together with entry forms.

The draws for our internal Club Tournaments are made at the beginning of the season and displayed on the Notice Boards. You can join either of the ladders at any time during the season by writing your name on a piece of paper and inserting it at the bottom of the ladder.

There's a Finals Day towards the end of the season to wrap up the competitions and present the cups/shields.

We are also a member of the South East Croquet Federation, so we participate both in league and in friendly matches (in Golf and Association) throughout the season against other South Eastern clubs. Details of these are on the Notice Boards. And for those who wish to, there is always the option of doing none of the above!

If you need any further information about a tournament or are interested in playing in one of our teams please contact Mick Belcham.

## Finances

As a new member you will have paid your membership (£75 for the first year and £100 thereafter). However, this doesn't cover the cost of maintenance of the lawns and other equipment, insurance etc etc. Gift Aid is an excellent tax-efficient way of donating money to the club, so please consider this for future years if you're enjoying our club. More information on this is available on our website.

One way in which we raise funds is to host corporate and other events, teaching people Golf Croquet for up to 50(!) people. We also hold an annual Corporate Challenge, inviting local groups to submit teams of two players in an evening competition in June. So, if you know someone who might be interested in trying croquet in this way please let one of the committee members know.

We also demonstrate the game at a number of other venues – Ightham Mote and Chartwell have been popular recently and Penshurst Place is a recent addition, paying a significant sum for our presence.

These home and away events are good fund-raisers, but they do require quite a number of people to organise properly and teach/mentor those turning up, so if you can help please contact one of the Committee members.

## Visitors

Visitors are always welcome! If you would like friends or others to see what Croquet is all about before deciding whether or not to join, bring them in, preferably to one of our Open Days – the first Sunday afternoon in May, June, July and August! Invitation cards for you to hand out are usually available in the Club House.

Novices are free (for the first one or two visits) but experienced players are asked to pay a Green Fee of £3 per session (£5 per day) – please leave money in the tea/coffee money jar. ***Please make sure any visitors sign the Visitor Book.***

We've got a leaflet dispenser at our main gate. If you see that it's empty or nearly empty please top it up from the supply in the stationery cupboard in the Club House.

## Social Programme

As a friendly club we also run a small Social Programme. In recent years this has involved:

- Winter Monthly Pub Lunches
- Winter Chilli Supper
- Winter playing - Monthly One-Ball/Golf with lunch

- Lawns Opening Event - Soup & Ploughman's Lunch
- Summer Lunch Barbeque
- AGM lunch

You'll get information about these by email, through the Newsletter and on the Notice Boards.

## Website

Our website (<http://www.tunbridgewellscroquet.org.uk>) is normally the most up to date source of information about the club, so please refer to it first if you have Internet access and you have any questions. Otherwise our Secretary will be most happy to help.

## Help

We always need help in the various organisational activities – coaching, catering, cleaning, club house and equipment maintenance, garden and banks maintenance, housekeeping, match organisation, recruitment, social, website etc. etc. Please contact one of the committee members if you can help with any task, no matter how small.

Your committee is actively looking for new members. If you can help by serving the club in this way please talk to one of the committee members to put yourself forward.

**... and finally a very warm welcome and enjoy yourself!!**

Jon Diamond

March 2011
